Why it matters

VISHNU RAM SACHIN | DATA ANALYST

CODE BASICS

SAVE TIME

Automate repetitive tasks and simplify formula creation.

SOLVE DATA PROBLEMS

Identify inconsistencies and understand complex formulas faster.

UNCOVER INSIGHTS

Explore trends, compare results, and make better-informed decisions.

The comparison

UPLOAD TO CHATGPT	AI IN EXCEL
Leaves Excel for a separate app	Works right inside the open workbook
Upload or copy-paste the file	Reads your sheet directly, no upload
Returns a new file to download	Writes live formulas into the same cells
Formatting often breaks on the way back	Formatting and structure stay intact
Upload , wait , download, re-open	Ask once, result appears in the same place

How to follow along

CODE BASICS

1 

OPEN THE REPO

2 

COPY THE PROMPT

3 

RUN IT IN EXCEL
